

Woolwich Dock AND PARKLANDS

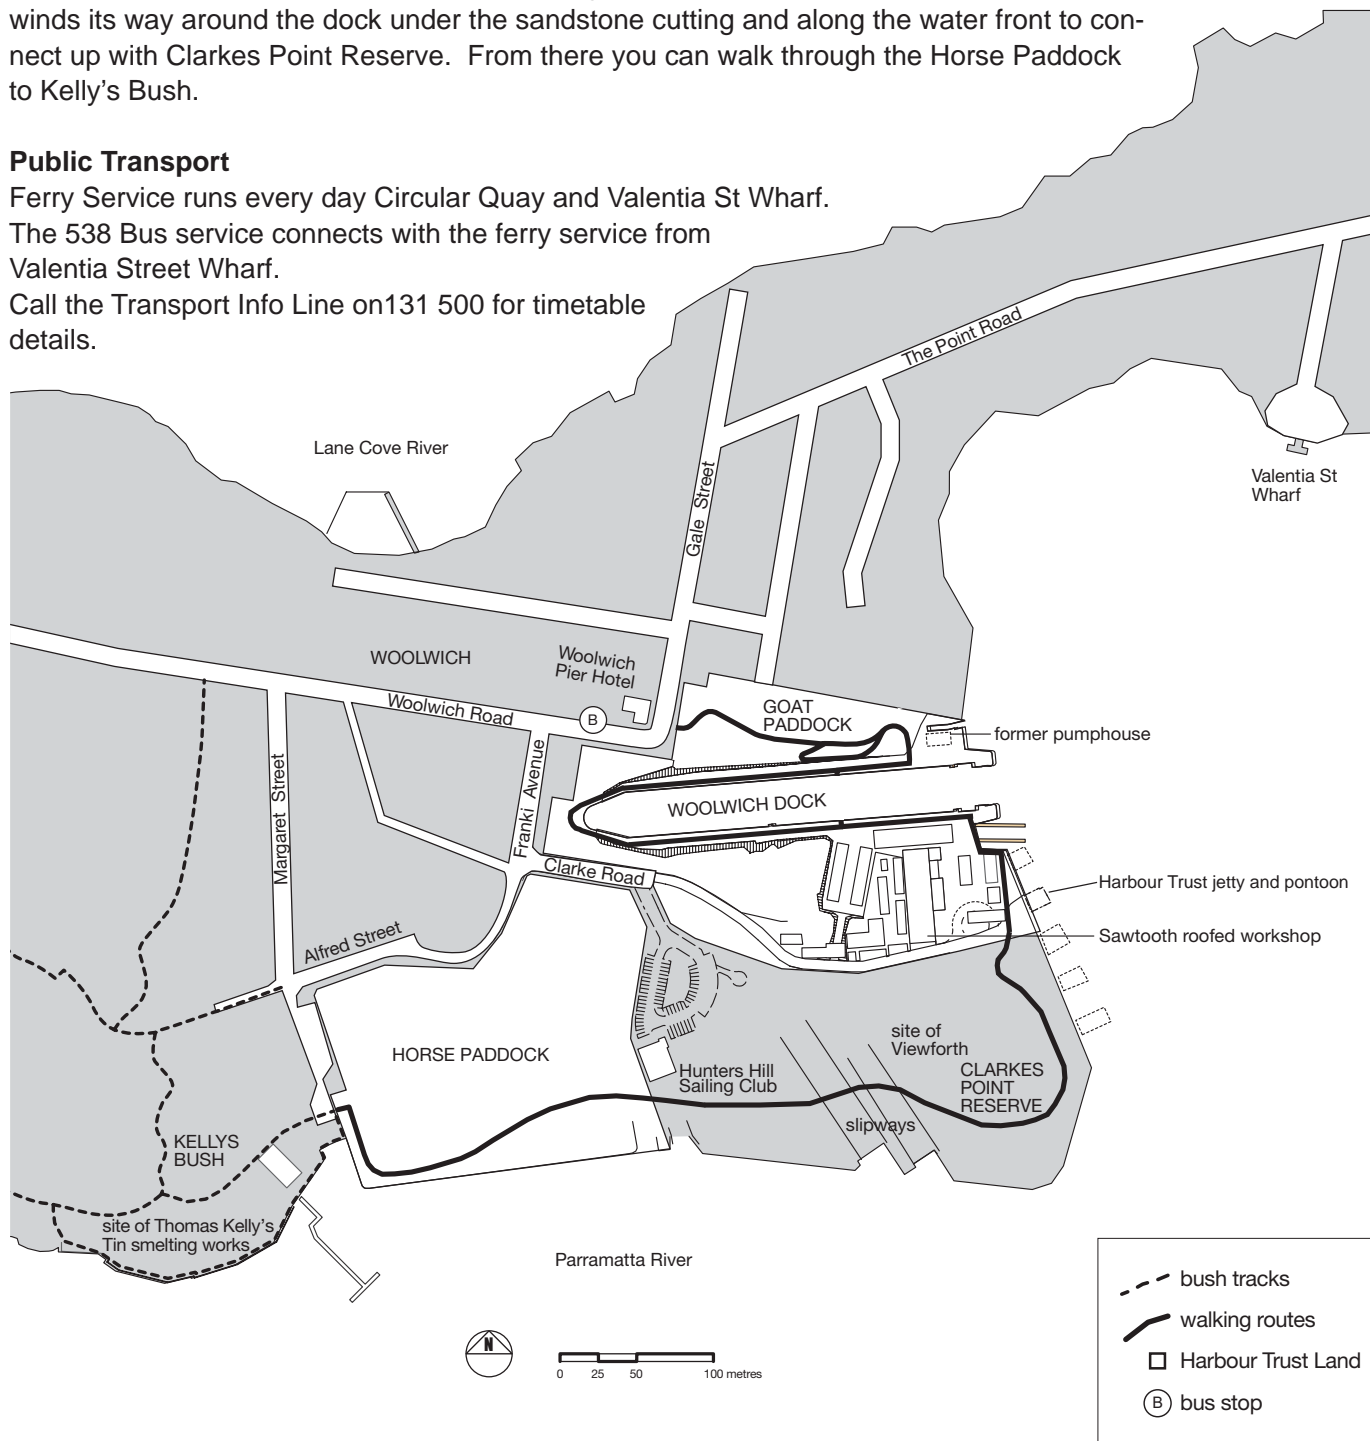

The magnificent Woolwich Dock carved into the sandstone cliff face is open every day from sunrise to sunset. The walking track starts opposite the Woolwich Pier Hotel on Gale St and steps down the Goat Paddock which offers magnificent views of Sydney Harbour. It then winds its way around the dock under the sandstone cutting and along the water front to connect up with Clarkes Point Reserve. From there you can walk through the Horse Paddock to Kelly's Bush.
