

Student Photography and Filming at Harbour Trust Sites

The Trust permits photography or short-film making without a fee by enrolled students for the sole purpose of completing an education assignment set by an accredited secondary or tertiary education provider. For any other activity a fee is payable for uses including teaching photography, creation of professional portfolios or photography/filming for future commercial gain.

Students must note that other activities such as private events, tours and public exhibitions take precedence and students may not disturb or restrict these activities in any way. The Trust also reserves the right to limit or change areas of public access to visitors without prior notice. Students may not access areas beyond security fencing or restrict public access in any way, nor use amplification equipment, plug into power, attach props or theming to any fixtures. The use of hand-held equipment, props and costumes which have no risk of causing offence or alarm to members of the public is permitted.

Before undertaking the activity, enrolled students must submit to the Trust's Head Ranger at least 5 days in advance the following declaration. Please also take a copy of this form with you on the day and show it to the ranger on duty if requested.

Name		Mobile	
Education Provider		Email	
Proposed Location/s			
Date Requested		Timing	
Assignment Brief			
Activity Details: Include details: a. No. of Participants b. Equipment/Props c. Set up etc
