

The 10 Terminal and Parklands Precinct will be an anchor for Middle Head and a focal point that shares the multi-layered history of the headland.

**Target domestic visitors**, welcome back First Nations communities, students and schools, recreational users of coastal walks, volunteer groups and people associated with the former site use

Establish a visitor meeting place and interpretation node

that complements the visitor journey that will be realised on the adjoining NPWS lands

10 TERMINAL & PARKLANDS PRECINCT

of Headland Park, interpreting its heritage values, including First Nations, environmental, military and ASOPA history, in an authentic and engaging way

**Create a new parkland** for the community that offers expansive views of the harbour, integrates with the Bondi to Manly walk and interprets the history of place

## Deliver a seamless visitor experience

through easy grade pedestrian connections integrated with existing and proposed networks in the National Park

Bring to life the complex of brick

buildings, adapting and reactivating them with a compatible mix of community, public facing and commercial uses that are sympathetic to the place
